# INTRODUCING THE TRUE-SURFACE® GREENS CARE COLLECTION!

The True-Surface® Greens Care Collection is designed to make your greens care program easier on you and your budget. The True-Surface® vacuum effect will clean up your greens with no additional labor; **saving you time and money.** Your greens are ready for play as soon as you drive off!

## FAST & EASY!

Each insert can be switched out by releasing 2 retractable spring plungers – no tools needed! The hydraulic motor always remains attached to the frame. Inserts can be retrofitted on the course; no tools nor technicians needed!

The collection is designed to fit all triplex greensmowers and make your greens care cultural practices FAST & EASY. Since 1992, True-Surface® has had no planned obsolescence; this policy also applies to the Greens Care Collection.

## NO TOOLS NEEDED!

**INTERCHANGEABLE INSERTS:** The True-Surface® Greens Care Collection does not require the use of tools to change out its 11 different inserts. The hydraulic motor remains attached to the frame and doesn't affect the inserts. Its easy-to-use handles allow you to interchange each insert without safety risks!

**DEPTH OF CUT ADJUSTER:** Adjusting the depth of your blades has never been easier! Adjust the True-Surface® Greens Care Collection without lifting a tool. Simply dial in your desired depth by using the dial and easy-to-read depth gauge. Each click equals .010 of an inch!
